Daiichi Life Group

Daiichi Life Group, Inc.

Publication of the Daiichi Life Group Integrated Report 2026

Daiichi Life Group, Inc. (President and Group CEO: Tetsuya Kikuta) announces the publication of the Daiichi Life Group Integrated Report 2026.

Under its Group Purpose, “Partnering with you to build a brighter and more secure future,” the report aims to provide stakeholders with a deeper understanding of the Group’s medium- to long-term value creation story and its pursuit of sustainable enhancement of corporate value. To this end, the report presents the Group’s growth strategies and transformation initiatives aimed at enhancing corporate value, together with the thinking behind them, as a consistent and easy-to-understand narrative.

Specifically, the report features an expanded range of employee perspectives and examples of specific initiatives. It also includes a dialogue between the Group CFO and a sell-side analyst, presenting the Group’s strategies and the rationale behind them from the perspective of the capital markets.

The corporate governance section features a roundtable discussion among the Outside Directors, joined by an external expert. The discussion provides an objective perspective on the matters discussed by the Board of Directors, the involvement of the Outside Directors, and how they exercise their supervisory functions. The section also includes messages from the Chair of the Board and the chairs of the respective advisory committees, providing readers with a multifaceted understanding of the effectiveness of the Group’s corporate governance.

The Group will continue to engage in constructive dialogue with its stakeholders and provide highly transparent disclosure as it strives to achieve sustainable growth and enhance corporate value.
